

CPC Slide 1	Lichen Amyloidosis on the back (clinical)
CPC Slide 2	Amyloid deposits on the papillary dermis (micro)
CPC Slide 3	Amyloid globule and size of papule (combo)
CPC Slide 4	Electron microscopic changes in amyloidosis (EM)
CPC Slide 5	Benign Cephalic Histiocytosis in children (clinical)
CPC Slide 6	Dense dermal infiltrates in the dermis (micro)
CPC Slide 7	Benign Cephalic Histiocytosis (combo)
CPC Slide 8	Coffee bean shaped nuclei of histiocytes (micro)
CPC Slide 9	Papules in Urticaria Pigmentosa (clinical)
CPC Slide 10	Mast cells in Urticaria Pigmentosa (micro)
CPC Slide 11	Urticaria Pigmentosa (combo)
CPC Slide 12	Toluidine blue stain of mast cells (micro)
CPC Slide 13	Clinical appearance of Ichthyosis Vulgaris (clinical)
CPC Slide 14	Keratin layer in Ichthyosis Vulgaris (micro)
CPC Slide 15	Ichthyosis Vulgaris (combo)
CPC Slide 16	Etiology of Ichthyosis Vulgaris (text)
CPC Slide 17	Acanthosis Nigricans in the groin (clinical)
CPC Slide 18	Keratin layer in Acanthosis Nigricans (micro)
CPC Slide 19	Acanthosis Nigricans (combo)
CPC Slide 20	Etiology of Acanthosis Nigricans (text)
CPC Slide 21	Blisters on the hand (clinical)
CPC Slide 22	Epidermal-dermal junction in Porphyria Cutanea Tarda (micro)
CPC Slide 23	Porphyria Cutanea Tarda (combo)
CPC Slide 24	Hints in Porphyria Cutanea Tarda (text)
CPC Slide 25	Blisters in Pemphigus Vulgaris (clinical)
CPC Slide 26	Suprabasal cleavage in Pemphigus Vulgaris (micro)
CPC Slide 27	Pemphigus Vulgaris (combo)
CPC Slide 28	Immunofluorescence studies in Pemphigus Vulgaris (IF)
CPC Slide 29	Plaques resistant to treatment (clinical)
CPC Slide 30	Atypical cells in Mycosis Fungoides (micro)
CPC Slide 31	Clinical appearance and histology in Mycosis Fungoides (combo)
CPC Slide 32	Treatment of Mycosis Fungoides (text)
CPC Slide 33	Infiltrates in Mycosis Fungoides (micro)
CPC Slide 34	Hyperchromatic Cribriform cell in Mycosis Fungoides (micro)
CPC Slide 35	Diagnosis of Mycosis Fungoides (micro)
CPC Slide 36	Red plaque due to Contact Dermatitis (clinical)
CPC Slide 37	Dense infiltrates in Contact Dermatitis (micro)
CPC Slide 38	Contact Dermatitis (combo)
CPC Slide 39	Erythematous plaque unresponsive to treatment (text)
CPC Slide 40	Common contact agents (text)
CPC Slide 41	Allergic Contact Dermatitis (clinical)
CPC Slide 42	Palpable red lesions of Vasculitis (clinical)
CPC Slide 43	Histologic signs of Vasculitis (micro)
CPC Slide 44	Vasculitis (combo)
CPC Slide 45	Etiology of Vasculitis (text)
CPC Slide 46	Indurated plaque unresponsive to treatment (clinical)

CPC Slide 47	Dermal infiltrates in Lymphoma Cutis (micro)
CPC Slide 48	Lymphoma Cutis (combo)
CPC Slide 49	Diagnosis of Lymphoma Cutis (text)
CPC Slide 50	Ddx of a solitary persistent erythematous plaque (clinical)
CPC Slide 51	Lymphocytoma Cutis (micro)
CPC Slide 52	Lymphocytoma Cutis (combo)
CPC Slide 53	Diagnosis of Lymphocytoma Cutis (text)
CPC Slide 54	Lesions of Verruca Plana (clinical)
CPC Slide 55	Acanthotic epidermal lining in Verruca Plana (micro)
CPC Slide 56	Verruca Plana (combo)
CPC Slide 57	The common wart (clinical)
CPC Slide 58	Verruca Vulgaris (micro)
CPC Slide 59	Verruca Vulgaris (combo)
CPC Slide 60	Types of Verruca (text)
CPC Slide 61	Sudden sloughing of the skin in an adult (clinical)
CPC Slide 62	Epidermal Necrosis (micro)
CPC Slide 63	Toxic Epidermolysis Bullosa (combo)
CPC Slide 64	Sloughing of the skin in a child (clinical)
CPC Slide 65	Granular layer acantholysis (micro)
CPC Slide 66	Toxic Epidermal Necrolysis in children (combo)
CPC Slide 67	Persistent erythema of the glans penis (clinical)
CPC Slide 68	Epidermal layer malignancy (micro)
CPC Slide 69	Erythroplasia of Queyrat (combo)
CPC Slide 70	Unresponsive lesion in Bowen's Disease (clinical)
CPC Slide 71	Atypical keratinocytes in Bowen's Disease (micro)
CPC Slide 72	Bowen's Disease (combo)
CPC Slide 73	Bowen's Disease and Eczema (clinical)
CPC Slide 74	Acanthotic epidermal layer in Eczema (micro)
CPC Slide 75	Eczema (combo)
CPC Slide 76	Dermatitis Herpetiformis (clinical)
CPC Slide 77	Neutrophilic abscesses in Dermatitis Herpetiformis (micro)
CPC Slide 78	Dermatitis Herpetiformis (combo)
CPC Slide 79	Excoriated papules between the fingers in Scabies (clinical)
CPC Slide 80	Perivascular dermal infiltrate due to scabies mite (micro)
CPC Slide 81	Scabies (combo)
CPC Slide 82	Prevention of scabies (micro)
CPC Slide 83	Superficial annular lesions of Porokeratosis of Mibelli (clinical)
CPC Slide 84	Cornoid lamella of Porokeratosis of Mibelli (micro)
CPC Slide 85	Porokeratosis of Mibelli (combo)
CPC Slide 86	Erythematous lesion with an advancing border (clinical)
CPC Slide 87	PAS positive hyphae and spores (micro)
CPC Slide 88	Tinea Cruris (combo)
CPC Slide 89	Diagnosis of Tinea Corporis (text)
CPC Slide 90	Lesion of Tinea Corporis and fungal culture (clinical)
CPC Slide 91	Red peripheral border in Granuloma Annulare (clinical)
CPC Slide 92	Granulomatous response (micro)

CPC Slide 93	Granuloma Annulare (combo)
CPC Slide 94	Histologic diagnosis of Granuloma Annulare (micro)
CPC Slide 95	Nonspecific appearing erythema (clinical)
CPC Slide 96	Perivascular lymphocytic infiltrate in the dermis (micro)
CPC Slide 97	Toxic Erythema (combo)
CPC Slide 98	Scaly erythematous lesion of Actinic Keratosis (clinical)
CPC Slide 99	Parakeratotic keratin causing scaliness (micro)
CPC Slide 100	Actinic Keratosis (combo)
CPC Slide 101	Elevated gray to black lesions of the skin (clinical)
CPC Slide 102	Markedly acanthotic epidermal lining with horn cysts (micro)
CPC Slide 103	Seborrheic Keratosis (combo)
CPC Slide 104	Complete removal of Verruca Vulgaris (clinical)
CPC Slide 105	Hyperkeratotic, acanthotic lining in Verruca (micro)
CPC Slide 106	Verruca Vulgaris (combo)
CPC Slide 107	Silver scaly lesions of Psoriasis (clinical)
CPC Slide 108	Hyperkeratosis and parakeratosis in Psoriasis (micro)
CPC Slide 109	Psoriasis (combo)
CPC Slide 110	Small smooth domed lesions of Syringoma (clinical)
CPC Slide 111	Dermal sweat ducts in Syringoma (micro)
CPC Slide 112	Syringoma (combo)
CPC Slide 113	Lupus Erythematosus on the face (clinical)
CPC Slide 114	Dermal infiltrates of Lupus Erythematosus (micro)
CPC Slide 115	Lupus Erythematosus (combo)
CPC Slide 116	Paget's disease of the breast (clinical)
CPC Slide 117	Histologic diagnosis of Paget's Disease (micro)
CPC Slide 118	Paget's Disease (combo)
CPC Slide 119	Alcian blue stain in Paget's Disease (micro)
CPC Slide 120	Facial cosmetics causing contact dermatitis (clinical)
CPC Slide 121	Lesions due to contact with Poison Ivy (clinical)
CPC Slide 122	Keloid on the face (clinical)
CPC Slide 123	Biopsy tissue of Keloid (micro)
CPC Slide 124	Keloid (combo)
CPC Slide 125	Basal cell carcinoma on sun exposed site (clinical)
CPC Slide 126	Basaloid cells in the dermis (micro)
CPC Slide 127	Basal Cell Carcinoma (micro)
CPC Slide 128	Basal cell carcinoma on the face (clinical)
CPC Slide 129	Graft versus Host reaction (clinical)
CPC Slide 130	Epidermal and dermal changes in GVH (micro)
CPC Slide 131	Histologic diagnosis of graft versus host reaction (combo)
CPC Slide 132	Morphea- hard, firm consistency on back (clinical)
CPC Slide 133	Morphea on the back (micro)
CPC Slide 134	Histologic diagnosis of Morphea (combo)
CPC Slide 135	Leukemia Cutis on the face (clinical)
CPC Slide 136	Leukemia Cutis on the face (micro)
CPC Slide 137	Biopsy of Leukemia Cutis (combo)
CPC Slide 138	Pyogenic Granuloma on the finger (clinical)

CPC Slide 139	Vascular lesion of Pyogenic Granuloma on the finger (micro)
CPC Slide 140	Blood filled spaces in the dermis (combo)
CPC Slide 141	Nonblanchable red lesions (clinical)
CPC Slide 142	Destroyed vessels with nuclear debris (micro)
CPC Slide 143	Red lesions and PMN's around capillaries (combo)
CPC Slide 144	Flat topped violaceous papules, lichen planus (clinical)
CPC Slide 145	Band-like lymphocytes at papillary dermis (micro)
CPC Slide 146	Purplish flat top papules and band-like lymphocytes (combo)
CPC Slide 147	Keratoacanthoma, rapid growth, in elderly (clinical)
CPC Slide 148	Markedly acanthotic epidermal layer (micro)
CPC Slide 149	Keratoacanthoma (combo)
Treatment Slide 1	Vitiligo in child (clinical)
Treatment Slide 2	Acne, Accutane (clinical)
Treatment Slide 3	Acne Vulgaris treatments (text)
Treatment Slide 4	Erythema Nodosum treatments (clinical)
Treatment Slide 5	Psoriasis treatments (clinical)
Treatment Slide 6	Actinic keratosis treatments (clinical)
Treatment Slide 7	Actinic keratosis treated by liquid nitrogen (clinical)
Treatment Slide 8	Actinic keratosis Efudex treatment (text)
Treatment Slide 9	Actinic keratosis, during & after Efudex (clinical)
Treatment Slide 10	Warts, treatment (clinical)
Look Alikes Slide 1	Melanoma vs. Nevus (clinical)
Look Alikes Slide 2	Pigmented BCC vs. Hemangioma (clinical)
Look Alikes Slide 3	Differential diagnosis, Melanin & Red Cells (text)
Look Alikes Slide 4	Metastatic carcinoma vs. Pigmented BCC (clinical)
Look Alikes Slide 5	Morphea BCC vs. Dermatofibroma (clinical)
Look Alikes Slide 6	Erythema Nodosum vs. Necrobiosis Lipoidica (clinical)
Look Alikes Slide 7	Contact dermatitis vs. dermatomyositis (clinical)
Look Alikes Slide 8	Erythema Multiforme vs. Secondary syphilis (clinical)
Dx Pointers Slide 1	Dx by location, Lichen Planus on lip (clinical)
Dx Pointers Slide 2	Dx by location, psoriasis on elbows (clinical)
Dx Pointers Slide 3	Dx by location, porphyria cutanea tarda (clinical)
Dx Pointers Slide 4	Dx by location, hair dye and nickel contact dermatitis (clinical)
Dx Pointers Slide 5	Dx by location, relapsing polychondritis on ear (clinical)
Dx Pointers Slide 6	Dx by appearance, herpes simplex (clinical)
Dx Pointers Slide 7	Herpes, necrosis of epidermal layer (micro)
Dx Pointers Slide 8	Dx by appearance, telangiectasia (clinical)
Dx Pointers Slide 9	Dx by appearance, tinea manum (clinical)
Dx Pointers Slide 10	Dx by appearance, actinic keratosis (clinical)
Dx Pointers Slide 11	Dx by appearance, Seborrheic keratosis (combo)
Dx Pointers Slide 12	Dx by location, Lupus Erythematosus on face (clinical)
Dx Pointers Slide 13	Discoid Lupus Erythematosus, deep involvement (micro)
Dx Pointers Slide 14	Dx by location, Dermatitis Herpetiformis (clinical)
Dx Pointers Slide 15	Dx by appearance, Molluscum contagiosum (clinical)
Dx Pointers Slide 16	Dx by appearance, tinea versicolor (clinical)

Dx Pointers Slide 17
Dx Pointers Slide 18
Dx Pointers Slide 19

Dx by location, Dermatomyositis on knuckles (clinical)
Signs of internal malignancy, Hypertrichosis (clinical)
